Follow a time line of Delaware and U.S. history from Native American settlements through World War II in the best small museum in Delaware.

During the tour of the museum, students will:

- ★ Identify local natural resources and geographic characteristics that impacted the life and development of the area.
- ★ Identify economic factors relating to trade, growth of a town, taxation, and more.
- ★ Identify the impact of the Mason-Dixon Line, Patty Cannon, ship building, and a bridge.
- ★ Identify the contributions of the poultry industry and DuPont nylon.
- ★ Experience hands-on activities selected to reinforce curriculum.

Use
interactive displays
that focus on Captain
John Smith, Delaware's
State Bird, the poultry
industry,
the DuPont Nylon Plant
and much more!
